**Attachments:** PMTF Catch Update #12 June 22 2021.pdf; PortMollerTF\_RawData - June 22 2021.pdf

Catches from the PMTF were stronger today, especially for the outside stations. Unfortunately, the weather forecast is not good for tomorrow given expected winds of up to 37 kts. Thursday looks promising though.

PMTF Stock Composition Status: We still expect the 3<sup>rd</sup> stock composition estimate for catches from June 19-20 to be released sometime tomorrow (June 23).

Summary of today's catch indices as follows:

### Index by Station

S2: 0  
S4: 26  
S6: 89  
S8: 94  
S10: 112  
S12: 76
