Hi Everyone,

Attached is tonight's catch update. Note the instructions below regarding text messaging.

The R/V *Miss Leona* was able to get in three sets today before the weather prohibited sampling. The R/V *Ocean Cat* should be on station tomorrow weather permitting. If so, they will fish towards each other meeting somewhere mid-transect.

PMTF Stock Composition Status: No change in status.

To receive a summary of daily indexes by text message, text just the four letters "PMTF" to 833-612-1053. Be sure to spell PMTF correctly or it won't work. These shorter text updates go out about the time of, or shortly after the email updates go out.

NOTE: If you subscribed for PMTF text summaries last season but are not receiving them, type "unstop" to the same number. That will restart your messages if you used "stop" last season. Unless you do this, texting "PMTF" as described above will not work.
