

Port Moller Test Fish Catch Update

Catch Update #31, July 10, 2026

1—PMTF Catch Update Table

2—PMTF Raw Data

3—C+E by District and Day for 2011-2026

Good evening,

Fishing conditions were much better today allowing coverage of the full transect, yet the Daily Catch Index remained low. We're still on track to reach around the preseason forecast or better.

Tomorrow will be the last day of test fishing.

PMTF Stock Composition Status: The final stock composition for the season was sent earlier today.

Index by Station
