

Port Moller Test Fish Catch Update

Catch Update #33, July 12, 2025

1—PMTF Catch Update Table

2—PMTF Raw Data

3—District C+E over the Season for 2011-2025

4—2025 PMTF Acknowledgments

Good evening,

Here are today's results.

This will be the final update for the 2025 Port Moller Test Fishery. There are many people who all come together to make this project happen and we greatly appreciate all of you. A full list of project participants, collaborators, and funders can be found in the Acknowledgments (4) above.

Good luck on the rest of your seasons everyone! See you next year!

PMTF Stock Composition Status: The 12th stock composition (July 9-10) was released this morning. There will be no further stock composition estimates from the test fishery this season.

Index by Station

S2: Not fished

S4: 10
